Better Roads Necessary for Carlstadt District

Meeting of residents of this district Monday evening draw up plans for improvements to roads leading to and from Carlstadt.

OUR REPRESENTATIVE MUST BE APPROACHED DIRECT

A well-attended meeting, under the auspices of the Carlstadt Liberal Association was held in the Adanac Hall, Monday evening. The day had been cold and blustery, otherwise the attendance would have been larger. As it was, there were a good number of citizens and also of farmers present. The sentiment of the meeting was that if nothing is asked for, nothing will be granted and it is up to the residents of this district to appeal direct to their representative and to place clearly before him any desired reforms. All shades of opinion were represented at this meeting, the opinion being expressed that this is not the time for any political differences. It is to the advantage of all parties to work together for the good of the district and to represent the whole of the people.

At the outset, C. H. Wagner, as secretary of the Carlstadt Liberal Association, explained the reason for the meeting being called, stating that large sums having been voted by the Provincial Government to be spent through the Province, much should be spent right in this district, and if Carlstadt is to be treated justly, the residents must get together, decide what are their requirements and appeal direct to

Big concert and dance in the Adanac Hall, on Friday evening, May 1st.

Born—On Wednesday, April 22nd, to Mr and Mrs Wm. Engel a son.

Born—On Thursday, April 22nd, to Mr and Mrs O. J. Wood, a daughter.

Arthur Hughes spent the week end at the ranch.

His opinion is that Mr Pingle can himself do nothing except refer the matter to the road inspector. Mr Johnson suggested that a committee be appointed by the chairman to decide upon the best trail to the North-East and to present their decision to the inspector and to the members if necessary. Other opinions were expressed and the meeting felt strongly that the member must be approached direct. J. M. Foughty, who is quite an authority on road work, explained how an inspector may come round and hear one man's opinion, then hear another opinion a little further on and in such circumstances a man who is not familiar with the various trails, gets lost. He spoke of the Tide Lake trail, which in places runs between fences and which in wet weather, is full of dangerous mud holes, so much so, that many people, to mislead that will go to other towns. He stated that a road plow is just as necessary as a grader and it was decided to ask for both.

the member.

The meeting appointed Dr. McEwen to act as chairman and he outlined the programme for the evening, asked for suggestions.

A. J. Drummond believed that the Government should provide road graders and that this district should have the use of one or more. C. H. Wagner expressed the opinion that the best way to get it is to ask for it. Several joined in the discussion and it was thought that a road should be built North-East from town. J. M. Foughty said that most of the support for Carlstadt comes from the settlements North-East of town and that it is very necessary to have a good trail for the benefit of these people. A. J. Drummond expressed in this way the general opinion: was that it should be represented strongly to the member that this road should be built.

H. W. Johnson gave a demonstration of the relative locations of the various settlements and explained that while out in that country, many of the residents suggested to himself and Mr Pingle that they wished a road to Jemur or to Sulfid, Mr Johnson felt that no good purpose would be served by appealing direct to the member.

also soon be opened up and a road for the benefit of both new settlers and those already there is very necessary. It was decided to include the provision of such road in the plans of the committee appointed.

The advisability of having appointed a road commissioner for this district, to let the work direct to the farmers, was introduced by J. M. Foughty and E. S. Sobie. The work can be done to much greater advantage when each farmer has an opportunity to bid for doing the work close by his own farm. His neighbors see that he puts in good work and the expense of hauling feed, etc., long distances, is saved.

The secretary was requested to do all necessary correspondence. Mr Wagner expressed his entire willingness to do so, and stated that if the people want to claim their rights, they must speak out. Every man has the right and the opportunity to present his views to the

FARMERS LIVE STOCK ASSOCIATION MEET.

Carlstadt Farmers' Livestock Association met Saturday evening at the office of F. E. McDiarmid, with Mac in the chair. Not having been advised as to the date of the arrival of the horse, the arrangements were not completed as to where it will be kept.

The Association was unanimously in favor of having a Percheron and decided to write the Department informing them that if it should not be possible to supply a Percheron, the Association would not take a horse.

The Association felt strongly that if the Government intend to supply pure-bred stock, something should be done to get the wheels in motion.

CARLSTADT UNION U.F.A. MEET.

A meeting of the Carlstadt Union U.F.A. was held Saturday evening in the American Hotel under the presidency of C. T. Hildahl.

Several important questions were discussed. Coal sheds should have been built in connection with the Farmers' Elevator. Organizer Quinsey is expected to be in Carlstadt in a few days upon this matter.

Arrangements as to the installing of public weigh scales were made.

A proposition to have a Farmers Store, where farmers produce could be handled, was received with great enthusiasm.

Rev. F. E. Clydale sold his horse to Rev. R. R. Haight.

CASH FOR FARMS

Nine farms in the Carlstadt District have been sold or traded for property in Calgary or Vancouver during the past six weeks.

We have some very excellent values just now to offer for improved farms of 160 acres, to 640 acres.

We are now co-operating with all the leading firms in Calgary, Vancouver and many places in the States and we can handle your farm to a good advantage. One man has asked for a list of 20 quarter sections, can pay some cash.

We also have 22 head of good work horses to sell or trade for farms. Also several business chances—but they won't wait long.

One choice fruit ranch in B.C., near Vancouver, has a new 6 roomed house, barn, poultry house etc., worth \$45,000 cash, but will trade for quarter section of land.

The Carlstadt Co-operative Realty Company LOTS OF MONEY TO LOAN

We have competent help to attend to any legal matter or make out any kind of legal papers. Remember we do Notary work and issue Naturalization Papers. Get fixed up!

Insurance!! All the best companies.
[Phone Main 11]

FOR TRADE

We can offer you British Columbia Fruit Lands (Improved or Raw.) Calgary and other City properties, in exchange for farm lands. Send us full particulars and price of your property first letter. WE CAN TRADE ANYTHING.

Wittichen Land Trading Co. P.O. Box 1576 Calgary.

The chair appointed a committee consisting of J. M. Foughty, E. S. Sobie, A. D. Thompson, H. W. Johnson and J. H. Gasson to decide upon the best trail to the North-East and to present the views of the residents of the district to the member and to the inspector.

The opinion was again expressed that the people must be brought in contact with their representative. H. W. Johnson doubted the value of such a course as Mr Pingle would merely refer the matter to the inspector.

A. J. Drummond brought up the question of a road to the South. Several sections of land will prob-

ably soon be opened up and a road for the benefit of both new settlers and those already there is very necessary. It was decided to include the provision of such road in the plans of the committee appointed.

The meeting expressed itself clearly that no man must stand between the people and their representative. The number was decided to carry out the wishes of the people. It was decided to try and bring out an even larger attendance at the next meeting.

Last Thursday, Constable Thompson, R.N.W.M.P., of Sulfid, arrested John McKenzie late in the evening and locked him up. He was brought before Inspector Schootham, R.N.W.M.P., of Medicine Hat, and W. H. B. Iles, J.P., of Sulfid, on a charge of being drunk and disorderly. While McKenzie was in custody, Powers Bros. had a complaint of having a pair of shoes stolen. These were identified as being worn by the prisoner, who was sent to Lethbridge for three months with hard labor.

Best of fresh meats and fish at A. D. Thompson.

Mac's Office News.

For doing road work get a Western Reversible Grader and do more work in a day than you would do in two weeks with scrapers.

Do not kill time using a drag scraper when a Western Reversible Grader can be had for what it would cost to grade a very small piece of road.

We handle Graders and Scrapers of all kinds as well as Grading Plows, that are capable of standing the strain of six or eight horses or oxen.

A Grading Plow is a very important thing to have in any district where grading is to be done, because an ordinary plow is not made to stand the strain necessary in road work and more time and expense is lost using a light plow for grading purposes, than a Grading Plow would cost.

This is a good time to do road work and proper machinery is as important for working roads as it is for farming.

FRANK E. McDIARMID, Carlstadt.

Maglo in a Baton

How Wagner established an audience in Berlin is related by Otto Lehmann in a German magazine. At the Royal Academy on the opera and in his home the Verdi, Dr. Berthel.

After a performance of his "Parsifal" overture, under the direction of Professor Wagner.

When it was over, Wagner seemed to hesitate for a moment as to what to say. Then he got up, thanked the musicians and remarked that he had not been conversed with an orchestra for twenty years he felt impelled to further show his gratitude by an artistic deed. "You will understand my request," he added, "that you assist 'Parsifal' under my personal direction."

What then happened made an indelible impression on all who were so fortunate as to be present. The spirit of elevation he made of the various moods of that poem stirred the hearts as they had never before been stirred. The difference between a genuine and a mere professional conductor was made manifest. The musicians themselves were stunned by what they had done. "We looked at him, and we knew and did what he wanted," they remarked.

A Pill That Lightens Life.—To the man who is a victim of indigestion, the translocation of business becomes a torment. He cannot concentrate his mind upon his tasks and loses and vexation attend him.

To a man, Parmenter's Vegetable Pills offer relief. A course of treatment, according to directions, will convince him of their great excellence. They are constantly recommended because they will do all that is claimed for them.

A Curious Disease.—The Jamaican negroes have many old and interesting forms of speech which are often due to a misunderstanding of the English words. That was the case in a story that Winston.

A woman took her baby to a doctor, and the physician asked her what she called the child.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

"I'll tell you," she explained in a low voice, "I'll tell you, I'll tell you."

"What is it?" asked the doctor.

Painful Swelling Reduced Muscular Strains Ended

Such Troubles Now Quickly Rubbed Away by Powerful Remedy

If you have any muscles that are strained and weak, that are frequently subject to rheumatic pains; if you have any painful swellings that refuse to go away—get busy with Neville's. This is the very sort of trouble that Neville's is made to cure quickly.

"I have proved Neville's painful swelling. It followed an injury I received in my left leg and caused me great trouble. Under my personal direction."

The muscles were strained and weak, and no other remedy gave the ease and comfort I got from rubbing on Neville's. There is a swelling, painful swelling. It followed an injury I received in my left leg and caused me great trouble. Under my personal direction."

Extravagant Times

Laurence M. Symmes, writing in Investment, points out that the extravagance that has led to recent business depression, and suggests remedies for some of them.

No man is so much of a miser as he seems to be. He is a miser in his home, in his office, in his pocket, in his purse, in his bank account.

While the motor-car in its proper use has been a tremendous conservator of human energy, in its abuse it has been a tremendous waste of human energy. Some forms of waste in the motor-car are already being checked.

But in our total of extravagance the motor-car has been only one of the many offenders. To the highest priced theatre, the cafe, and amusements of all kinds, in country and city alike, much blame belongs.

Extravagance has, in fact, been world-wide, and it lies back of all local causes of depression, back of wars and great calamities. Except for world-wide extravagance, capital would have well looked after all of the other causes of depression.

Mr. Symmes questions whether property can return in full measure until the damage done by extravagance has been repaired. It is common for everyone to do something to help the world.

Mr. Symmes suggests that a man can save a fair portion of his earnings and place the same at the disposal of legitimate enterprises either directly purchasing bonds and stocks, or indirectly through a bank at banks. Each can eliminate a portion of his personal extravagance, even to the extent of "ignoring the last day of the year." If all would do this, the unnecessary portion of the "night take up farming." So with the other forms of extravagance.

"You're right," Mr. Symmes replied; "neither can I manufacture mutton, and yet I am a better judge of mutton than any sheep in the world."

"Poultry Guide" There is something pretty nearly everything there is to know about poultry. You are absolutely right. Just your name and address, and you can get the International Stock Food, Dept. 10, Toronto, Canada.

"What do you mean by telling people that I haven't got a 'poultry' my lack? demanded Blathers angrily, as he met Blomson on the street. "I never said that. I said I was behind your back," retorted Blomson. "What I said was that you had any brains in the front of your face."

"The Origin of a Fad" Marcella who had been gazing out of the window suddenly began to talk to her name and address, and you can get the International Stock Food, Dept. 10, Toronto, Canada.

"What is the world in the matter, Marcella?" asked the speaker. "I don't know," she replied. "I don't know what I am doing."

"What do you mean by telling people that I haven't got a 'poultry' my lack? demanded Blathers angrily, as he met Blomson on the street. "I never said that. I said I was behind your back," retorted Blomson. "What I said was that you had any brains in the front of your face."

WEDNESDAY, APRIL 29th, 1914.

The Carlstadt Village Council
is at full strength once more.
The three men now represent-
ing this town are as good as
any to be found. Their next
meeting is Monday, May 4th.
The chief matter for considera-
tion is the town water supply.It is feared that sand has run
into the town well, reducing
the available supply. The
mill and pump are working
well, but the supply of water
appears to be limited. Some
weeks ago there were several
feet of water and it was
running in so fast that it
could not be lowered. If
some means be taken to re-
move the sand and keep it
clear, there should be a supply
of water sufficient for all pur-
poses. A most urgent need
is to make provision in case
of fire. At present, in the
event of a fire, this town
would be helpless.The meeting held Monday
evening in the Adanah Hall
was a great success. The
attendance might have been
larger, but was small owing to
the climatic conditions outside.
The purpose of the meeting
was to have the residents of
this district get together and
discuss improvements which
the member for this riding
might undertake. There has
been considerable dissatis-
faction expressed both in the
Liberal and Conservative
ranks at the apparent neglect
on the part of the powers that
be to do anything for the ad-
vancement of this district.
The News has been blamed
for not placing before the dis-
trict the achievements of the
Government. Having only
the daily papers, which are
generally influenced by their
political faith, from which to
discover what legislation is
passed, it is a difficult matter
for the News to give an un-
biased account of such.Many of the most staunch
supporters of the party in
power have wavered in their
allegiance and have shown
antagonism to the methods
which have been pursued in
the past. It has been alleged
that a procedure has been
followed which tends to dis-
integrate the party and which
effectually shuts out the mem-
ber from a proper representa-
tion of his constituents. Mon-
day night's meeting tended to
adjust these conditions and to
make it possible for the rep-
resentative of this riding to learn
the desires of those he was
elected to serve. It was de-
cided to put a stop to the
automatic methods which
have been made use of pre-
viously and to bring the
member in closer touch with
all the residents of this district.Spring time is
Kodak time.Call and get our free booklets

POLONA PONDERINGS

C. A. Wallace made a business trip to Carlstadt on Friday.
S. D. Duncan left last Monday for Carlstadt in search of work.
Wm. Hunter pulled off a batch of eggs last Saturday.
C. Ballie who is plowing for C. A. Wallace in 17-9, says he is no longer hunting for, he can't stick to a gang now.
T. P. Mooshan is seeing L. E. Svensen crop this week.
We saw C. A. Wallace going North this morning. Better look out Andy or you will have some opposition.
C. Arnold traded horses with C. C. Mills last week.
J. M. Hill seeded twenty-four acres of grain in one day for Wm.

Hunter. You should have seen the dust fly. Jack says that anyone who can beat this, is just bring a long their trotting stock.
Miss Mary Hill is cooking these days at the farm near Tide Lake.
Be careful Clax. Clark and his four hope next time. Healer to note than to hunt your horse and buggy the next morning five miles away.
Rancher Foxton was calling on friends at Peerless last Sunday.
Messrs Young and Howe of Ontario, passed through here enroute for F. Musgroves ranch last Saturday.
L. C. Pury had the misfortune last week of getting two horses badly cut by a wire fence.
G. A. Hanson was visiting at the home of L. E. Svensen on Sunday.

PEERLESS PLASHINGS

Mrs Thomas Tribe was called away to Olds owing to the illness of her daughter, Mrs Smith.
Walter Ayers went to Carlstadt on Sunday.

Jack Liddle called on Hans Hanson last Saturday.

Fuzzy spent Sunday with Mr and Mrs Jensen.

Hans Hanson went to Jenner on Monday.

Boss Floyd is leaving Thursday for California on business, after spending a week at the Orangeville ranch pulling leather.

George Whitney has a new system of catching rabbits and gophers. He puts some paper on a rock and the animal smells the pepper and sneezes and hits his nose on the rock and gets killed, but George ran out of pepper and never even left enough for the house.
Jimmie Weisbach had an accident last night at Tripola. The horses ran away and wrecked his democrat, but fortunately no one was hurt.

Polona can talk about their houses. They can talk about their lots; They can talk about their railroads. They can talk about their plots. But when it comes to feeding. They were never in the line. If you want to get a square, Come to Peerless every time.

George Whitney quit smoking his pipe. He says it is strong enough to smoke itself.

Polona says that Mr. Foxton has been paid wages around his horses but Hans Hanson has to have chicken netting for his.

The snowstorm last week ought to give courage to a lot of the householders. Ruzy says "My horse's gone back to Minneapolis, and I must go."

Mr Muskatt went to Carlstadt on Wednesday.

Hans Hanson shipped some chicken to Calgary last week.

RAINY VALLEY

Mr and Mrs Geo. Ferdin have moved to Suffield. Mr Ferdin has secured a position as blacksmith for the Wheatlands Co.

Mr and Mrs L. Thomas were out homesteading a short time. Mr Thomas is at the Wheatlands.

Miss Emily Lamoy and lady friend from New York, were visiting Sunday at C. R. McDonald's.

Ed Edmunds has been on the sick list for several days.

C. O. Olsen was at the homestead on Sunday.

Mr Villette, of Suffield, preached at Rainy Valley School-house Sunday. Mr Clyside will preach next Sunday at 3 p.m.

Harry Johnson is doing homestead duties these days.

Charles Butler is putting in his crop.

Mr and Mrs Kaalov called on Mr and Mrs Dodd Sunday.

SUFFIELD

The town is now busy cleaning up for the Spring. The will be the cleaned town along the line.

The Southern Alberta Land Co. have been of great assistance by finding work for the unemployed who are filled up this week but will be taking on more hands next month.

We are pleased to see that the Carlstadt Board of Trade are taking up the enquiry as regards the vacant lands lying around and trust that they will be successful in having same thrown open for filing.

Wanted by one of the general stores, two one-legged footed customers to purchase a pair of number eleven boots.

We beg to apologise for our misprint last week. It should have been Wheatlands, not Wealdlands.

BRUTUS BLARNEY

Fred Whitehead called on J. J. Cahill Sunday.

Several of the boys called on Roy Garbutt Sunday.

A complaint has been made that some of the work on the new school is not being done in a proper manner. The plans call for first-class material and workmanship and the time to see that this is done is when the building is being erected, not when it is covered with paint. It is the duty of the chairman and board of trustees to see that the work is done according to the plans, and the ratepayers of this district would like to know why they are not supervising the work better. If they are unable to do so then the ratepayers will have to look after the school business themselves. We hope for the credit of the district that the trustees will attend to this matter.

Mr and Mrs W. Bishop spent Sunday at the home of Mr and Mrs L. C. Jones.

Alf Trueman, of Tripola, was visiting Brutus friends last week.

Alec Dewar is now a happy man, he has nine feet of water in his new well.

Frank Bishop had a very exciting time one day last week when two of his horses got away from him. Frank went after them in the buggy and almost caught them when one of the wheels came off the buggy. The language Frank used could be heard a mile away and almost set the prairie on fire.

The McDonald and Jones well outfit has moved to Sisseton place.

Alec Dewar has sold his water tank to Geo. Whitehead.

Roy would like Tripola to explain what they mean by a diamond. Is it a baseball diamond or a diamond ring?

There is no truth in the report that the Blarney reporter is going to Ireland to join King Canon's army and fight against Home Rule.

TRIPOLA

Seeding and plowing operations in this district are being rushed. There being plenty of moisture the crop acreage will be slightly increased over last year. There is no dearth of farm help yet, the farmers work and smile alternately, optimism is rampant.

Miss Edith McLaughlin left for Calgary on Sunday. Miss Olive and Aline Potter accompanied her to Carlstadt.

Alf Trueman and daughter May went to Carlstadt last Wednesday. May intends staying in the city for awhile.

C. Hyatt and W. McKibbin made a hurry trip to Carlstadt on Wednesday, returning same day.

Gordon Dinnen is visiting at the home of Wm. Trueman this week.

S. Boyd of the district called Brutus, paid a business call to Tripola Friday, purchasing an over large supply of tobacco both smoking and chewing. "Sam says smoke drowns worry. "Why should he worry and get wrinkles."

Miss Elsie McCracken of Medicine Hat visited her parents at Tripola Friday, returning Monday.

Ed Hall of Bethel Alta., made a trip to the homestead Saturday.

Mr and Mrs F. J. Conn of Carlstadt visited at the home of Mr and Mrs John McKibbin, Friday until Saturday.

A very nerve straining incident occurred Friday at 11.30 o'clock at the time when the mail train was about to leave the post office. By some misinterpretation of the horses dashed away and there being too sharp a curve to make to get on to the main track at such a speed the mail car was thrown clear of the track into a ditch totally disabling the car. None of the passengers were injured. After the horses were caught and the mail transferred into a box car, Jim Weisbach in charge, the train was allowed to proceed with caution.

Mr and Mrs Will MacIntosh visited with Mr and Mrs Ed. Foxton Sunday.

Mr and Mrs Duncan McCracken visited at the home of her parents Mr and Mrs John MacIntosh Sunday.

W. G. SCOLLARD AGENT CARLSTADT.

GET YOUR CANADIAN HOME

FROM THE CANADIAN PACIFIC

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming! The lands are convenient to railways and markets, and are located in a land of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, no land is sold to speculators, but only to the who will occupy and improve it. The terms of sale are now one-twentieth cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance a loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land, and sinking a well. This loan is repayable on the same terms as the purchase price.

Public Market Day

A market day will be held on
Tuesday, May 5th., 1914.

Carlstadt merchants will offer special attractions and the following will be offered for sale by public auction—

Two mares in foal.
One 1300 lb. horse 9 years old, safe driver.
One light team.
One driving mare.
One cow and calf.

Two best ever silky plovers
Four drills.
Two packers.
One binder.
One disc.

Title on machinery until Oct. 1st. 1914, on approved notes.
L. DORSEY AUCTIONEER

Following the example of Carlstadt and Medicine Hat, Tripola is now to have a weekly market, and in a very short time it will be a success. The thing to see the most prominent men of the town, visiting their way market wards with little baskets hanging jauntily from their arms. This was the result of a large and enthusiastic meeting held in the town hall, when the only objection to the scheme was that the good housewives of Tripola would be a little shy at first at going to the market for their produce. This obstacle was overcome by the decision of the men to look after the marketing until the women got used to it.

Mr and Mrs John Brown of Pelee, visited Mr and Mrs Alf Trueman Saturday.

DEVELOPMENTS

GEORGE WESTINGHOUSE WAS THE MAN WHO REVOLUTIONIZED MODERN METHODS OF TRANSPORTATION

Modern Methods of Transportation Also Designed the Famous Invention Proving a Huge Success.

George Westinghouse, who died recently in New York, and 65, was one of the greatest inventors of modern times, known all through the world as the inventor of the Westinghouse air brake and many other mechanical appliances which have completely revolutionized modern methods of transportation.

He was born in Pennsylvania and came from Germany and settled in Massachusetts and Vermont before he came to New York. He was the son of George and Emily Vender Westinghouse. His father was a mechanical engineer and an inventor of various mechanical appliances. In 1849 he removed to Schenectady, N.Y., where he established the Westinghouse Electric Works.

Young George received his early education in the public schools of Central Bridge, and seemed to have inherited from his father not only a strong mechanical sense, but also inventive ability. He spent a great deal of his time in the factory and became thoroughly familiar with machinery and the mechanical principles which govern it. He was very busy. He was only fifteen when he began to work in the factory, a rotary engine, which he afterwards perfected.

As a young man he became interested in military matters and he became a member of the Buffalo National Guard. When the Civil War began he enlisted and served in the 11th New York Cavalry from June 1861 to November, 1864. He was promoted to assistant engineer in the 11th New York Cavalry. After the close of the war he returned to Schenectady and continued Union College in Schenectady.

Immediately after his return from the war, Westinghouse took up his mechanical work and studies and in the same year he began to work for the Erie Railroad. He was placed in charge of the Erie Railroad and he was one of his superiors who were devoted himself entirely to the work of the machine shop. He was only twenty years of age when he began to work for the Erie Railroad. He was a day, caused by a collision between the freight train and a passenger train. He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad.

His first experiments, he attempted to use steam for working the air in the machine shop. He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad.

He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad.

He was the first to suggest that the air brake should be used on the Erie Railroad. He was the first to suggest that the air brake should be used on the Erie Railroad.

WARY REPEAL MARRIAGES

Warning Issued to Christian Women Who Wed Hindus or Mohammedans

The state department has issued public notice through the Canada Consulate in London, through despatches to various provincial governments that the British Government is not prepared to recognize marriages between British subjects and Hindus or Mohammedans.

The notice is given through the report of a circular received from the colonial office. This circular states that while the registrar of marriages has no power, according to British laws, to prevent such mixed marriages, care should be taken to make the position clear to every woman contemplating such union. It is pointed out that while the marriage would be valid as long as the husband remains in the country, the wife would be liable to be deported if she were to marry a Hindu or Mohammedan. The notice also states that the British Government is not prepared to recognize marriages between British subjects and Hindus or Mohammedans.

WANT BRITISH FILMS

Lack of British Films in Canadian Movie Shows in Cause of Much Complaint

Several correspondents, writing from Vancouver to the Daily Mail, complain that the lack of British films in Canadian movie shows is a cause of much complaint. Several correspondents, writing from Vancouver to the Daily Mail, complain that the lack of British films in Canadian movie shows is a cause of much complaint.

One correspondent expresses the hope that the British film industry will be able to supply the demand for British films in Canadian movie shows. One correspondent expresses the hope that the British film industry will be able to supply the demand for British films in Canadian movie shows.

Regarding the "floor" of American films in Canada, several correspondents explain that the original sale of the entire rights to New York exchanges, and that these rights were sold to the British film industry.

Note.—\$450.00 and interest, included in receipts is a loan from the Union Bank, towards which the bank balance of \$98.99 is an offset. All of which is respectfully submitted. W. M. COTTER, Sec-Treas.

C. S. Pingle, M.P.P. at Redcliff.

A big meeting held for the purpose of re-organizing the Liberals of the district was held on Tuesday evening at Redcliff. The member for the riding, Mr. C. S. Pingle, was present and W. P. Dundas and N. A. McLarty, of Medicine Hat, also spoke.

Mr. Dundas talked organization. He advised the cultivation of the voters and showing them how to vote. He urged to separate the sheep from the goats. He said: "We are sure of so-and-so and so-and-so, but we have to get after the fellows whom we have to knock me sense into."

Mr. McLarty criticized the Dominion Government and jeered at the Premier. He asked why pensions have decreased, why there is a money stringency, and why employment is scarce. He stated that at the revenue of the Dominion has decreased six million dollars while the expenditure has increased six millions and showed that presently the people are now taxed less than formerly to the extent of six millions, while the government puts into circulation six millions more than has been the case.

Mr. Pingle stated that there will be no provincial election for three or four years, so it is unnecessary to discuss provincial matters, but we

are sure to have a Dominion election in twelve or eighteen months, so we must be up and doing. The redistribution bill was discussed. The change will give a western representation of thirty per cent., so that we shall then have more voice in the government. The member spoke of the Sifton government as a "farmers' government." He referred to the granting to the province of its natural resources, explained the unearned increment tax and told his hearers that the Sifton government has built 1852 miles of railroad.

The meeting closed with votes of thanks to the speakers.

"W. A." Meeting

The "W. A." held their regular weekly meeting last Tuesday afternoon at Mrs. Woolven's, when considerable sewing and business was accomplished, the most important business being the final arrangements for the concert and dance on Friday evening of this week, which promises to be a great success. The "W. A." will meet next week D.V., at the residence of Mrs. C. H. Wagner on Wednesday, May 6.

A. D. Thompson has some good vocal and mutton these days. Try some.

Annual Meeting Methodist Church

The final meeting of the year of the Boards of the Carlstadt and the Sunny South appointments of the Methodist Church were held this week and the reports received. The financial stringency that has been felt in every phase of public life is felt also in the Church and this together with the small income of supporters has hindered to a large extent, the progress that is needed and desired. In spite of this fact the Methodist Church on this mission has never before had a year in which success has been so marked.

During this year the Board has placed the finances on a business basis so that in future the year will close on the first of May. The principles employed have brought about most satisfactory results, showing the loyalty of the people and their earnest desire to make the Church stand as a factor in the town to promote the highest type of life. The Stewards elected for the ensuing year are as follows:—

Carlstadt, F. E. McDermid, J. H. Gasson, C. W. Beard, D. A. Letch, H. B. Brigham, J. H. Delong, Sunny South: W. M. Kinsley and L. H. McKinnon.

F. E. McDermid was re-elected Recording Secretary and Treasurer. A motion was passed requesting the pastor Rev. F. E. Clydale to return to this mission for the third year. Mr. Clydale replied with many words of appreciation, expressed his satisfaction with the growth of the work and informed the Board that he would be glad to return if the stationing committee of the Annual Conference were satisfied with this arrangement.

These meetings have been the most satisfactory in the history of the Mission and were full of hope for greater things in the future.

Programme of "W. A." Concert

Ladies' Aid Meets

The annual meeting of the Ladies Aid of Carlstadt Methodist Church was held on Wednesday afternoon at the home of Mrs. F. E. McDermid. Rev. F. E. Clydale presided over a large attendance. After several items of current business were discussed and arranged, the annual election of officers was held resulting as follows:—President, Mrs. J. H. Gasson; Vice-president, Mrs. C. F. Starr; secretary, Mrs. E. H. Smith; treasurer, Mrs. J. H. Delong. The Secretary and Treasurer's reports for the year were most encouraging. It being the most successful year in the history of the organization. The ladies look forward to ever-increasing usefulness in the church's work and encourage by their marks of increasing success in the past begin the new year with larger plans. This is one of the most useful organizations connected with the Church and is worthy of loyal support. At the close of the session the guests were treated to a splendid lunch given by the hostess, which was thoroughly enjoyed by all present.

Local and General

George McKee spent the week end in Bassano.

J. H. Delong was in Medicine Hat Saturday.

J. Y. Clark was in Bassano and Medicine Hat, Friday and Saturday.

F. Rowatt has resigned his position as village constable. His successor will be appointed at a future meeting of the council.

Mr. Love, the Masse Flinn, Frank Finney and Hebert Johnson drove out to the Johnson farm on Sunday and were royally entertained to a chicken dinner, by the proprietor H. W. Johnson.

J. E. Goddard went to Suffield on Monday.

H. W. Johnson went to Calgary on the early morning train Tuesday.

V. Jansson of Peleeles was in town first of the week.

Earl Hodge of Calgary is staying with his uncle, Rev. R. R. Haight for a few days.

J. H. Delong was in Jenner on Friday looking over the ground. Delong and May intend putting in a branch store in the northern town. Construction will commence about the week end.

Mr. and Mrs. C. H. Wagner motored out on Sunday, visiting Mr. and Mrs. F. Brenner and Mr. and Mrs. F. Stead.

J. Y. Clark went to Calgary on Sunday.

C. M. Coffey is painting a sign on the windows of the Carlstadt Co-operative Realty Co. Mr. Coffey is a busy man these days.

J. Quinsey, organizer for the Alberta Farmers Elevator Co., was in town this week on a tour of inspection. He promises that the coal sheds in connection with the elevator shall be built. The annual meeting of the Elevator Co. will be held shortly.

E. Rose sold out to O. S. Frisley on Tuesday, and the American Restaurant is now under the management of Herman and Frisley. Mr. Frisley is still conducting his dry business and is also agent for the Imperial Oil Co.

Redcliff Review came out last week with eight pages, all home print. Apparently Redcliff is still going ahead and has one of the best papers to be found in the province.

Constable Thompson, RNWMP., of Suffield, is in town to-day.

A. J. Edmonds was down in Suffield Tuesday evening, returning Wednesday morning.

G. Gudhart leaves to-day for his old home in Portland, Oregon.

R. Elliott is going down to Suffield this evening.

A. J. Theroux had his sign rehung in front of the Palace Ice Cream Parlor this week.

A. J. Edmonds has resigned his position with the Carlstadt Co-operative Realty Co.

J. R. Holstrom, representing the Doherty Piano Co., of Winnipeg, is in town to-day.

Mr. and Mrs. H. B. Brigham spent Sunday with Mrs. Caleb Bell.

P. S. Mattison, of Bratus, was in town to-day.

D. Garvey, of the Railway Street poolroom, left his pocket book, containing a few bills, on the desk in his office and returning a little later found the pocket book empty. No trace has, so far been found of the missing bills.

Football is a popular sport in town these days. A little baseball would do no harm.

George Satterlee Live Stock and Real Estate Auctioneer.

Will sell your sale, great or small anywhere in the province of Alberta. Address Room 10, Hull Block, Medicine Hat. Phone 974 for dates or arrange with Carlstadt Co-operative Realty Co.

WIEST GRAIN CO.

Every Woman Will Want A Robin Hood Cook Book

With each sack of Robin Hood Flour and with each sack of Robin Hood Rolled Oats is given a coupon.

For three of these coupons and 10 cents is given a cook book.

These cook books are as superior to other cook books as Robin Hood Flour is superior to other flour.
